Please
have a cup
of tea.

It's alright,
don't force
yourself to
drink if it
hurts.

Here
you
go.

I warmed it
up a little,
so take care
of your mouth
as it might
hurt when you
drink it.

Whenever Usuda-san goes to work, I always shout out "good morning" from the window above. Were you able to hear it?

I can actually see Usuda-san's shop from my window.

Because I live so near, even if I am late for work, I will buy Usuda-san's cakes.

Ah, right...

Just kidding.

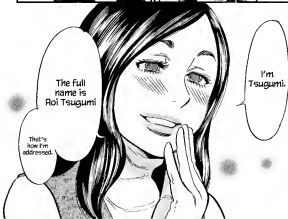

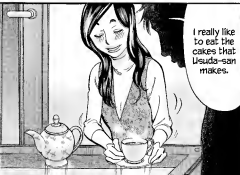

Yeah,

that's right.

You mentioned that your boyfriend is a fan of my cakes.

**to take
care of
my dad
and mom's
shop...!!?**

**How can
I allow a
person
like you**

it's because
that shop
has been built
from Master
and his wife's
blood, sweat
and tears...

But as
Makoto
said,

I somewhat
feel
delighted
whenever I
notice that.

Usuda-san
looks so
happy
whenever
he's working
hard.

As
someone
who has
been
watching
from the
sidelines
since I was
young, I can
understand
why...

She can't
choose any
path before
her...

I had wanted
to protect...
everything...

Even with
Chizuru-
chan's
situation...

So...

I can't even
protect
anything...

But...

I'm just so
powerless!

So,
am I stuck
with having
to use
the power
of the
Sigma?!

Werd...
what's the
matter
with me?

Isn't
this
place
already
—

Was
this girl
already
inflicted
with the
Stigma?!!

The
Stigma!!

Rin-
kyun,
you
really
shouldn't.

Oh,
come
on.

RESONANCE

Ha

Ha

you
will
catch
a cold.

If you
sleep
like
this,

Ha

Oh, to say
that you want
to warm up
by cuddling
with me,

Rin-kyun,
you sure
know how to
be crass.
